

## Ordering Custom Lendved Headwear

All Lendved hats are, theoretically, customizable....but, some styles lend themselves more readily than others.

**Re-T, Rivan** and **Big Drum** are the easiest to size.

Lendved is willing and able to transform your own old favorite clothing into a hat. Best for that is the **Re-T**. It could be your old favorite t-shirt, the one you can't wear anymore but can't part with. It might be that souvenir or concert t-shirt that somehow never makes it out of the drawer. Also, the **Re-T** is an excellent hat for those experiencing hair loss as a result of cancer treatment, and, it's great to have an old friend, such as the afore-mentioned old favorite t-shirt, along for the journey.

All that said, please peruse the *Gallery of Hat Styles*, **CONTACT ME** and...

*Let's talk about your hat!*

The fundamental questions I'll be wanting answers to will be about:

- Your style choice(s).
- Your color preferences(s).
- Your head size. (if you don't know your hat size and don't have access to a tape measure, you can send a piece of string cut to size where headband would fit.)
- Will we be transforming clothing from your own collection into a hat?

Cost of custom hats will be the same of those of like style as seen in the *Homeless Hats* gallery. (or, of course, feel free to inquire!)

If you're looking for a Lendved that you're not seeing anywhere on this site, tell me what it looked like, where you saw it or who was wearing it and I can probably figure it out!

*I look forward to hearing from you and creating a hat especially for you!!!*
